3. Have you reviewed information on the Study website located at rdosregionalconnections.ca? (13 responses)

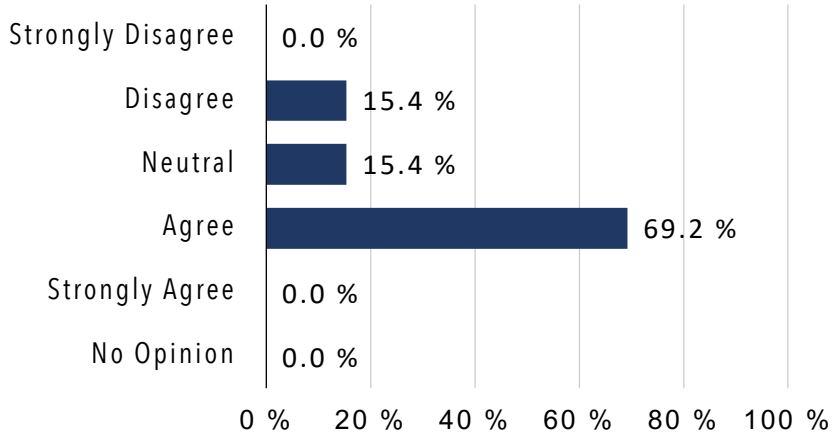

5. Please rate your level of agreement with the following statements:

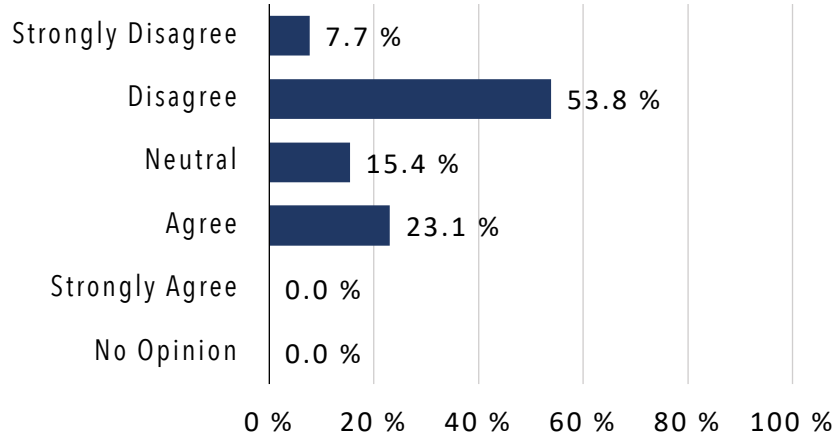

In general, I receive good value for the taxes that I pay to the RDOS. (13 responses)

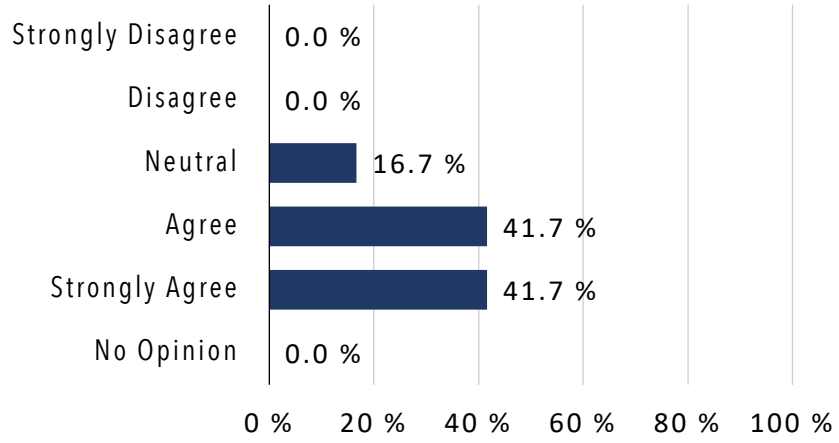

I receive a sufficient range of services through the RDOS. (13 responses)

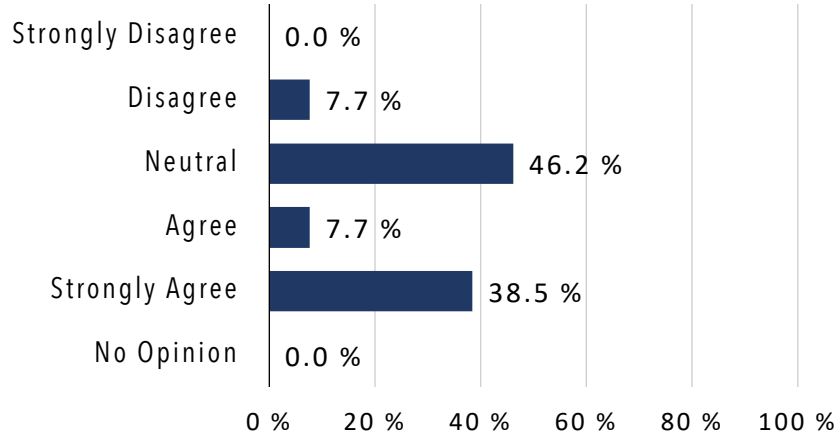

One electoral area director is sufficient representation for my community. (13 responses)

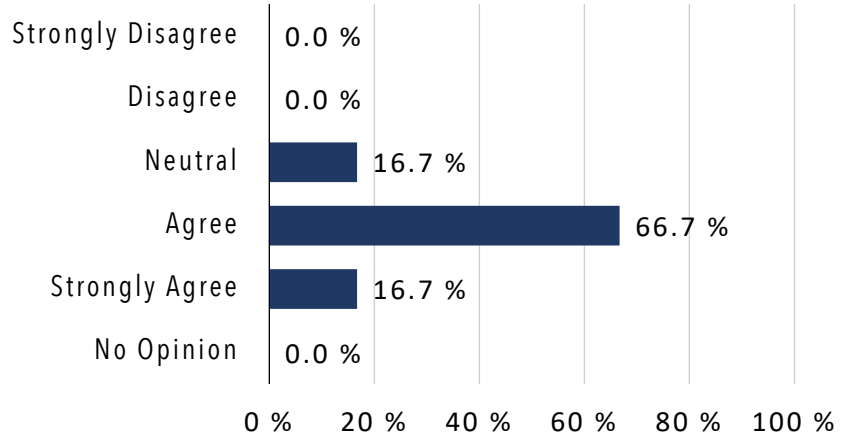

Having service decisions made locally is of primary importance to me. (12 responses)

The RDOS can continue to meet the needs and aspirations of my community in the future. (13 responses)

Materials shared during this Study and Open House have helped inform my opinions. (13 responses)

6. Do you have concerns or issues with the services provided to your community by any of the following providers? If so, please elaborate on your issues and/or concerns, including whether concerns are recent or long-standing)

a) The RDOS? (9 responses)

- Garbage collection in the winter.
- Not upholding bylaws, eg. too many trailers per property. Illegal dumping. Non permitted area fill.
- Fires.....Have Water storage for fighting fires in the summer on upper Beaverdell Road. Have Beaverdell Road in better condition to drive to Kelowna ..... It would save lots of fuel who travel to Kelowna. As the fuel is going up it will save money and fuel and less accidents on the road. Hwy 33 is very quiet for traffic. Instead 1 hour it would be 30 min to Kelowna, bypassing Summerland, Peachland, West Kelowna, and the bridge, and less gas.
- All good with me
- garbage pickup, only one vote
- Road maintenance during winter (plowing and potholes). Slow to respond to issues with road"
- Garbage
- Services are basic as per RDOS governance. Living on Saliken drive though we do not have the basic service of water wells already in this area. This is not being addressed by RDOS at all. We also don't have fire protection
- Garbage retrieval is affected by roads maintenance

b) The Province? (8 responses)

- Road maintenance
- Snow removal.

- Pave Beaverdell to #33 Hwy. Fire escape for the valley residence (Plan - B) route.
- Happy
- road maintenance, police coverage for upper carmi and beaverdell
- Policing the 201 above Carmi and Carmi road maintenance
- Road maintenance is not being done. Snow plowing has been very poor this year which has impacted garbage removal for 6 weeks as the trucks could not make it up the road.
- Roads maintenance is very poor

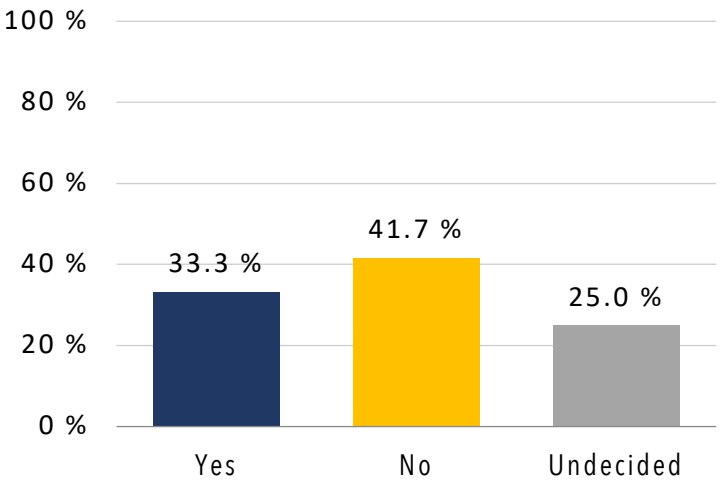

c) Other? (Please Specify) (4 responses)

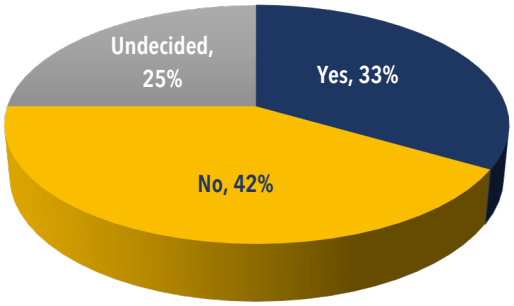

- Garbage and recycling
- Fire escape. Fire escape. Fire escape
- Would like another north/south road to Kelowna
- We've contacted to have speed signs out on Cami and speed reduced and that's gone nowhere. It's like upper carmi is not being heard.

7. Please identify any services not currently provided to your community that you would like to receive. (5 responses)

- None
- Secondary access roads, for fire egress primarily, to be better maintained.
- Good
- Water to Saliken drive. Either we become part of the city of Penticton and have access to their water or work out an agreement that we can access it but still stay in our district.
- Fire protection

8. Are you interested in your community being included as part of the boundary for any subsequent detailed incorporation study? (12 responses)

9. Please identify any concerns you would have if your community were part of the study area boundary in a future incorporation study. (5 responses)

- higher taxes
- Increased taxes, change in boundary to segregate certain rural areas from their new incorporation.
- The city is growing up the hill, we need fire escape route to #33
- Our area would not receive any big changes in the new plan for some years to come
- The increase for services not needed in Carmi. Increase in taxes but no improvements in services in our area.

10. Other comments: (2 responses)

- As l have been told we the Upper Carmi residents are totally different from the other areas of area D. We moved here knowing what services were provided and are happy with what we have. l doubt that by joining a municipality would bring us any more services and yet we would have to help pay for services provided to the other areas.
- Thank you for asking
