Area “D” Service & Boundary Configuration Study Update

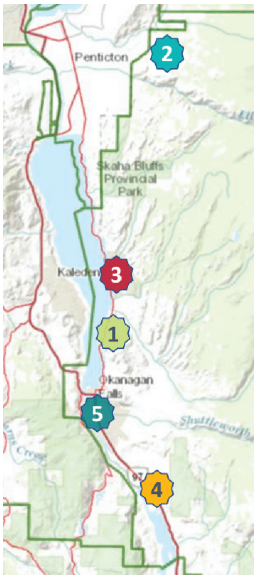

Get Informed, Get Involved, Have Your Say!

The purpose of this study is to assess the state of governance and service delivery concerns in Area “D”, gauge interest among citizens in pursuing incorporation, and identify the preferred boundary configuration for any subsequent incorporation study.

The Study Committee is hosting 5 Open Houses, each with a different Area “D” neighbourhood or community as the focus. The intention is to give residents in each specific area an opportunity to share and discuss issues relevant to their community, engage with their neighbours, and learn about the services and governance that impact their area.

Meetings will be held in accordance with any restrictions at the time, but are being planned as Hybrid Meetings to accommodate residents attending in person (masks and proof of vaccination required) and online. Online registration information will be posted on www.rdosregionalconnections.ca.

Residents unable to attend the meeting for their community are encouraged to attend one of the other meetings, as everyone’s input will be recorded and considered. Come have your say!

Panel Discussion - Save the date! To provide Area “D” residents with a flavour of the impacts of incorporation, and a first-hand account of the incorporation study process, an online panel discussion is scheduled for **Saturday, March 5 at 1 pm**. The panel will feature Mayors of some of BC’s more recently incorporated communities of *Barriere, West Kelowna and Clearwater*, as well as the Electoral Area Director from the *Sorrento-Blind Bay Area* currently in the final stages of an Incorporation Study. Come have your questions answered from those who have been through the process! Meeting link will be posted on www.rdosregionalconnections.ca.

Where do I find more information? Learn more about the process, service Fact Sheets and incorporation impacts, submit your questions, or sign up for updates through our website at **www.rdosregionalconnections.ca**.
